for Check Cashers**

A statewide public health emergency has been declared by Governor Edwards' in the State of Louisiana as a result of the imminent threat posed to Louisiana citizens by coronavirus disease 2019 (COVID-19). The State of Louisiana has reason to believe that COVID-19 may be spread within the population by various means of exposure, therefore posing a high probability of widespread exposure and a significant risk of substantial future harm to a large number of Louisiana citizens. To help minimize this risk, Governor Edwards' continues to issue Proclamations relating to a Public Health Emergency for COVID-19, which are available to the public and can be viewed on the Office of the Governor website by clicking [here](#).

Pursuant to the powers vested in me by the provisions of LSA R.S. 6:121.6 to carry out the duties of this Office, and, as a result of the serious and continuing concerns relating to COVID-19, which may threaten the lives and property of the residents and businesses in the State of Louisiana, I hereby deem these conditions to create a state of emergency relative to non-depository entities in general, and their employees, and their customers, and therefore issue this emergency declaration relative to non-depository entities operating in the State of Louisiana.
